NET WEIGHT: 50 Lbs. (22.67 Kg)

"O" BIOBABY BASE PELLETT

Description: A complete mineral and vitamin package designed to meet the specific nutritional needs of young calves.

Features:

Contains calcium, phosphorus, magnesium and potassium balanced to meet young calf requirements.

Contains sulfate and proteinate (chelated) forms of trace minerals.

Approximately 50% of selenium is derived from selenium yeast.

Provides daily vitamin needs including vitamins A, D3, E and B complex.

Certified organic Thorvin kelp as a source of over 60 trace minerals and vitamins. Excellent for reproduction and immune system function.

Contains beneficial, live, viable, naturally occurring direct fed microbials and digestive enzymes.

Contains OMRI yeast culture.

Feeding rate: 2 to 8 ounces per head per day (200 pounds per ton of complete calf starter).

Recommended uses: For calves up to 500 pounds body weight. Especially useful for calf starter grain mixes.

Example Calf Starter Mix

Steam flake, rolled or roasted corn	600#
Whole or steam rolled oats	450-550#
Rolled, roasted soybeans	500-600#
"O" Biobaby Base Pellet	200#
"O" PYK *	50#
Liquid molasses (no NPN)	100#
	Per ton

*Or "O" Generator Elite 5# + additional 45# corn.
