Beef Cattle (over 750 lbs.)	1 oz. per head per day.
Calves (500-750 lbs.)	1 pound per 25 animals per day.
Calves (250 – 500 lbs.)	1 pound per 50 animals per day.
Calves (less than 250 lbs.)	1 pound per 75 animals per day.
Swine (all weights)	5 pounds per ton of feed.

Caution: Follow label directions. The addition to feed of higher levels of this premix containing selenium is not permitted.

## "O" SELENIUM + VITAMIN PREMIX

Description: A selenium and vitamin package designed to supplement the specific nutritional needs of livestock and meet organic production standards.

Features:  
All selenium derived from selenium yeast.

Provides supplemental vitamins including vitamins A, D3, E and B complex.

Recommended uses: Rations deficient in selenium and vitamins and for animals under high stress conditions. Also for use where a documented selenium deficiency and a written veterinary prescription calling for selenium over the FDA legal limit is present.

Precautions: Check with your local organic certifying agency for acceptance before using this or any feed supplement. Intended as a nutritional supplement source over and above base nutrition sources. Do not exceed legal limit of selenium for rations.
